ANNUAL MEETING
"Sustainable materials: Key to a better future"

IAWS 2018 ANNUAL MEETING PLENARY SPEAKERS

Monday, October 15th

“DRYING DEVELOPMENT ON CHILEAN HARDWOODS”

PROF. RUBÉN ANANIAS

University of Bio-Bio

Department of Wood Engineering, Faculty of Engineering

https://www.researchgate.net/profile/Ruben_Ananias

Tuesday, October 16th

“LIGNOCELLULOSIC BIOMASS FROM THE FIELD TO THE PLATE TO THE ENGINE”

PROF. TODD FRENCH

Mississippi State University

Dave C. Swalm School of Chemical Engineering

https://www.researchgate.net/profile/Todd_French

Wednesday, October 17th

“THE ROLES OF WOOD SCIENCE IN COMBATTING ILLEGEL TIMBER HARVEST AND TRADE”

PROF. PIETER BASS

The Netherlands & Leiden University

Naturalis Biodiversity Center

https://www.researchgate.net/profile/Pieter_Baas

Friday, October 19th

“RECENT ADVANCES IN NANOSCALE VALORIZATION OF LIGNIN AND HETEROPOLYSACCHARIDES”

PROF. LUCIAN LUCIA

North Carolina State University

Departments of Forest Biomaterials and Chemistry

https://www.researchgate.net/profile/Lucian_Lucia
